1. **User Login & Authentication**
   - Admin, teacher, school, and student accounts
   - Role-based access permissions
   - Password reset/change
2. **Student Management**
   - Register students
   - Student admission/registration numbers
   - Gender, class, combination, and other details
   - Transfer and withdrawal management
3. **School Management**
   - Register multiple schools
   - School codes and names
   - Government/private ownership
   - Council/district and regional grouping
4. **Subject Management**
   - Add, edit, and remove subjects
   - Subject codes
   - Subject combinations for advanced level only
   - Compulsory and optional subjects
5. **Marks Entry**
   - Enter marks manually
   - Import marks from Excel/CSV
   - Bulk marks entry
   - Automatic validation of marks
   - Prevent marks above the maximum allowed score
6. **Automatic Results Processing**
   - Calculate totals
   - Calculate averages
   - Calculate percentages
   - Assign grades
   - Calculate GPA
   - Determine divisions
   - Determine pass/fail status
   - Automatic ranking
7. **Results Verification**
   - Detect missing marks
   - Detect duplicate students
   - Detect invalid marks
   - Identify incomplete results
   - Lock results after approval
8. **Performance Analysis**
   - Student performance
   - Subject performance
   - Class performance
   - School performance
   - District/Council performance
   - Regional performance
   - Boys vs girls performance
   - Government vs private school comparison
9. **Ranking System**
   - Best students
   - Best schools
   - Best subjects
   - Best-performing councils/districts
   - Overall rankings
10. **Reports**
   - Individual student report
   - School results report
   - Class results report

- Subject analysis
- School ranking report
- Council ranking report
- Regional summary report

11. **Online Results Publication**

- Students search results using registration number
- Search by school
- Search by class
- Public results page
- Printable results

12. **Dashboard**

- Total students
- Total schools
- Pass rate
- Failure rate
- Average GPA
- Division distribution
- Performance charts
- O-level and A-level separate project sites

13. **Excel/PDF Export**

- Export results to Excel
- Generate PDF reports
- Print results
- Download statistical summaries

14. **Data Backup & Recovery**

- Automatic database backup
- Restore previous data
- Protection against accidental data loss

15. **Audit Trail**

- Record who entered marks
- Record who changed marks
- Record date and time of changes

16. **Notifications**

- Result processing notifications
- Missing-mark alerts
- System announcements

17. **Mobile Responsive Design**

- Works on computers
- Smartphones
- Tablets

18. **Search & Filtering**

- Search by student name
- Registration number
- School
- Subject
- Council
- Gender
- Division
- GPA

19. **System Settings**

- Academic years
- Examination types
- Grading systems
- GPA rules
- Division rules
- Pass marks

20. **Multi-Level Administration**

- **Regional Admin → Council Admin → School Admin → Teacher**
